COMPOSITE

JADE

BRITISH MADE

We offer a vast range of British produced, bespoke products including a variety of next generation windows and doors. Quality comes first with JADE and we are going to tell you exactly why we are proud to be British manufacturers.

MANUFACTURING

Our products are both fabricated and designed in Britain, thus making the supply chain shorter and more translucent. This allows our customers to directly work with us, if any adjustments need to be made to their order, gaining a more personalised experience and can subsequently expect much quicker turnarounds.

QUALITY

At JADE, we have control over all stages of production undertaking regular quality checks to ensure that each product is finished to the same high standard. Our customers have a peace of mind knowing that their products are of the highest possible quality and have been made with the utmost attention to detail.

SUPPORTING BRITISH ECONOMY

Buying British made goods from small businesses are the backbone to the UK economy, driving growth and creating jobs therefore vital for our country's survival.

At JADE, we are proud to say that our windows and doors are British made in our very own factory in Batley, West Yorkshire!

JADE WINDOW & DOOR SPECIALISTS

Stunningly and naturally, glass has the ability to connect the outdoors with the indoors, allowing light to transform a room making it appear larger, brighter and most importantly, a space you love.

Established for almost a quarter of a century, JADE Window & Door Specialists is a family run business specialising in design, manufacturing and the installation of bespoke products including a variety of next generation windows, front doors, sliding doors, bi-folding doors and so forth. With aesthetics, security and performance at the core of our design process, all our products have been developed to deliver long-life, low-maintenance performance.

JADE has recently trebled its manufacturing capacity reflecting substantial business growth over the past few years. Our large factory, in Batley West Yorkshire, is where the manufacturing of Aluminium windows & doors and PVC windows & doors, takes place. All our products are bespoke, based on our customers' requirements with top security features. Throughout the UK we have completed thousands of installations from spectacular residential projects to simple installations replacing existing products with our own. No matter how large or small a project may seem, JADE can help create a space you will love!

THE COMPOSITE DOOR COLLECTION

We don't believe in compromising on quality. We've brought together materials to give you the very best in strength, easy maintenance, security and weather resistance.

Behind that rather scientific- sounding name, you'll find the latest technology and design in doors. When you're indoors you'll enjoy loads of style, strength and security. Our composite door is thick- but it's also very smart. In fact it's 44mm thick (compare that to conventional PVC panel doors at 28mm). It's powerful too, its super-strong structural frame and up-to-the-minute hardware makes our composite door even more secure. Its glass reinforced plastic finish means you'll be secure in all weathers and enjoying great looks for years to come.

At JADE we have two collections; the classic collection- designs in which are focused around traditional features yet enhanced with modern security and the contemporary collection- designed to modernise any home, truly making it a statement.

2 PANEL 2 SQUARE & SIDE PANEL

MID 3 SQUARE

To give great definition and long life performance JADE composite doors use glass reinforced plastic skins. That's the same material used to make the hulls of boats!

THE CLASSIC COLLECTION

Inspired by the Georgian and Victorian eras, JADE's classic designed doors are perfect for achieving a traditional style whilst still being modern in functionality and security.

Traditional home design is a classic style that is a popular choice for many homeowners due to its timeless feel. This style allows households to incorporate the characteristics of one or more historical styles, which can help to give their homes the traditional charm with all the benefits for modern day living.

'JADE supplied and fitted all windows and doors at our new property. They were extremely professional and reliable. I would highly recommend to anyone looking to have new windows and door fitted.'

THE CONTEMPORARY COLLECTION

The general definition of the word 'contemporary' means to "live or occur at the same time". When applying this to homeowners, it suggests that traditional aspects of their home can be updated with modern and striking features making their household more unique. Updating both rural and urban properties with a contemporary front door can significantly improve the visuals to any home by reflecting the individual's personality and creating an incredibly stylish entrance.

JADE's contemporary door range is perfect for the modern home. With simple, clean lines, asymmetrical shapes, our doors guarantee to really make a statement, improving your kerb appeal.

'Excellent service from measuring up to fitting. Would definitely recommend this company. Thank you.'

AN ENTRANCE TO REMEMBER

Long gone are the 1920's and 1930's where entrances to homes were made discreet and simple to avoid people looking into your home. Nowadays, homeowners seek to make positive first impressions! As they say, you never get a second chance to make a first impression.

Your front door is the first thing guests see. Creating an eye-catching entrance will enhance the attractiveness of your home. When you choose the right door and make an investment in one that expresses the style and design of your home, it can increase the value of your entire property, making it more appealing to guests and potential buyers, if you are considering selling your home.

Even down to the choice of colour gives guests, subconsciously, an indication of the type of home owner you are. Psychologists use colour as a way of analysing and identifying key personality types. Generally, most people are likely to select one of their favourite shades on the entrance to their homes, due to it being the first thing they see.

WHITE

People who often choose white are organised and logical and don't have a great deal of clutter in their lives.

RED

Those who love red live life to the fullest and are tenacious and determined on their endeavours.

BLUE

If blue is the chosen colour, it indicates harmony and the individual is reliable, sensitive and thinks of others.

GREEN

Individuals who are often affectionate, loyal and frank.

PURPLE

Artistic, unique individuals who have great respect for people but at times can be arrogant.

If, on the other hand, you are wanting to come across as significant yet serious, then take inspiration from Britain's most famous front door, 10 Downing Street and opt for black!

WHAT DOES YOUR ENTRANCE DOOR SAY ABOUT YOU?

GEORGIAN DOORS, DUBLIN

ATTENTION TO DETAIL

THE SQUARE SUITE

The square suite is perfectly suited to the ultra-modern property. Whether you choose the geometric glamour of the square or square bar handle, both are set off to perfection by a matched square knocker and brushed stainless steel letter plate. Crafted from stainless steel, the square suite also gives your home the edge for weather protection and durability.

THE CLASSIC SUITE

Look at some of the world's most beautiful historic homes and what do you see? The classic central knob on their front doors. It's no surprise that this stunning type of handle has been an enduring feature of high-end properties for so many years. The great news is that the Classic handle looks as incredible on period properties as it does on contemporary homes. Timeless style matched with an enduring performance - it's what makes this a classic.

THE LONG BAR SUITE

A front door speaks volumes about a property. Now you can make even more of a statement with the long bar handle. The complete suite transforms door furniture into a property feature. Complete the modern look with a matching bar ingot knocker and a sleek trojan satin letter plate. The long bar handle is perfect for properties where every detail speaks of quality. This is a contemporary style that will never go out of fashion.

THE HANDLELESS SUITE

Sometimes less is more, and that's why our handleless range could be just the furniture suite you're looking for. Style and elegance are the order of the day, with a streamlined, uncluttered look, versatile enough to complement both a classic and contemporary home. This sleek, sophisticated option promotes a clean aesthetic to the front of your property, while at the same time adding a subtle touch of confidence and class. Available in all door types and colours, and perfectly balanced by an Ingot knocker, brushed stainless steel letter-plate and timeless pull escutcheon, this is the perfect choice for those looking to make the maximum impact with minimum fuss.

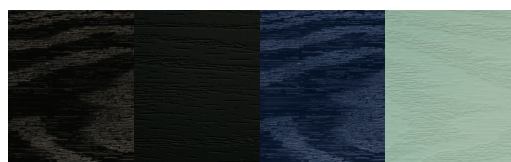

THE BOW HANDLE SUITE

Open the door to a more elegant look with the stunning bow handle suite. Whether you choose the long bow handle or the short bow handle, you'll add a special touch that turns your front door into a work of art. The bow handle is undeniably elegant, but it's also incredibly hard wearing. Being made from stainless steel, it will endure the demands of British

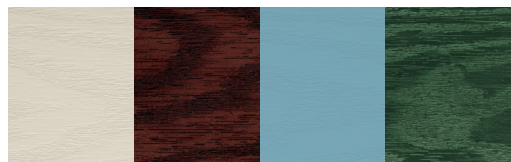

weather and everyday use season after season - and stay looking incredible too. The bow handle's accompanying ingot door knocker and letter plate all help to enhance the elegance. This is a door furniture suite that's ahead of the curve.

SIDE PANELS

Our composite side panel gives loads of choice. You can choose from 7 different designs, in numerous, with dozens of glass options – but, uniquely you can have a choice of width. All of which can carry the letterbox. All this may sound simple, but only with JADE!

BLACK BROWN BLACK BLUE CHARTWELL GREEN

CREAM DARK WOOD DUCK EGG BLUE GREEN

GREY OAK POPPY RED RED WHITE

4 PANEL 2 SQUARE
SIDE PANELS

PEACE OF MIND

If anyone knows about security, it's the police! Our Secured by Design meets their national standard for safer homes. Its not only Police-approved – its recognised by many insurance companies. So, as well as enjoying an added sense of safety, you could get a discount on your home insurance too!

Additionally, at JADE, we go the extra mile by having all of our products annually, third party security tested, providing that extra peace of mind for our customers.

UNIQUE YOU

Looking for something unique? We offer an extensive range of colours. In fact any colour your heart desires! From striking shades of bronze through brilliant reds and pastel blues to traditional white- with practically every colour in between.

There are two ways to colour composite doors:

FOIL WRAPPED - Foils are applied by a heat bonding process which fuses it to the surface of the PVC.

SPRAY PAINTED - As the name suggests, the colouring process is carried out by hand with an air assisted spray gun.

Our standard coloured composite doors are foil wrapped, however our bespoke products are spray painted in the colour of your choice.

Neither colouring techniques will affect the quality of the product.

Our stock colours come in 4 price brackets:

Classic- White, Blue, Green, Red and Black

Superior- Oak & Darkwood

Superior Plus- Chartwell Green, Anthracite Grey, Poppy

Red, Duck Egg Blue, Black Brown and Cream.

Infinity- Bespoke colour

Contact our team for further information.

Haven't seen a door in our brochure for you? Speak to a member of our design team, the options are limitless!

1 SQUARE

SEE FOR YOURSELF!

There is no better way to see our windows and doors than in person. Come visit our new showroom in Batley where you can take a look at our latest products from aluminium bi-folding doors, PVC windows and doors, composite doors, glass patterns, ironmongery and so much more.

Come speak with our specialists for expert help and advice to transform your home or building.

'We have used JADE Window & Door Specialists several times now and are always happy with their staff, service and finished result. We always recommend them to family and friends.'
